# THE PRESIDENT'S CUT

Can you believe how fast the summer went? It seems like one day I went to the Fair and the next thing I knew it was Labor Day at the Track. We had a busy summer, with some great new faces joining our Board and some wonderfully dedicated people moving on to other activities.

Susan Switzer, one our most active members, left paradise to return to her home in St Louis. We will, and have already missed her go do it spirit. She wrote and produced the County grant “A Walk in the Park” and edited the Newsletter. She was always there to help out. Walt Beerle, our treasurer, is one of the founding fathers of the Del Mar Village Association. He did such a great job they elected him President. So he's pretty busy right now. We wish them good luck in their new endeavors. As for their replacements, I'm so thankful we have such wonderful people in our Foundation, that they just jumped right in and filled the gap. As you can see, Luana Karr is the new editor of the Newsletter, and the fact that you are reading this, is proof that she is already on the job. Joanne Price let us in on the fact she was an accountant and ran the office for an engineering firm before she became a personal trainer. We jumped on that, when she agreed to be the new treasurer and elected her to the Board. Thank you both for your dedication. I'm also happy to welcome Ingrid Hoffmeister to the Board. Ingrid is very active in lots of Del Mar's voluntary organizations. She has already completed her first program, “Del Mar Style”. Take a look at it I think you'll like it. Thanks Ingrid for bringing your enthusiasm and energy to our organization.

One of our major activities this summer was completing the grant we received, from the County, to produce “A Walk in the Park”. Susan Switzer had to leave before we made the final cut, but Philippe Lamiose and Steve Rose did a wonderful job of completing the program, and we delivered to the County on time. Philippe did a great job editing program. Everyone who contributed to the program made it something worth seeing. Don't miss the world premiere.

Covering the activities put on by the Cultural Committee, at the Powerhouse, have been high on our list things we wanted to do. We've taped ten this year with more to come next year. Ed Kramer taped the performances and edited the programs. They get better with every show.

Our grant program for individuals is moving along well. We have committed over \$18,000 in funds this year. There still are funds available to those producers with good ideas.

The Community Calendar went live in April, it now documents the events of nine volunteer organizations in Del Mar plus important City events. The Calendar can be seen on our web site ([delmartv.com](http://delmartv.com)), on channel 66's daily bulletin board and as an insert to the Sandpiper Newsletter.

The Producer's Showcase keeps picking up steam, they have completed over six Showcases already. Steve Rose is doing a great in organizing that effort. He has also doing a great job in spearheading the dubbing of tapes for cablecast on Time Warner. The Foundation is now funding regular programming on TV.

Still to come this year, the Election Forum, the Library wall, Holiday in the Village and streaming video on our website (more on that later).
