Their interesting stories regarding their work and meeting such variety of characters during their productions was very inspirational. Jeanne has won 10 Emmy Awards, several Golden Mike Awards from documentaries to feature stories. Michael has won 2 Emmy Awards for documentary productions and 7 Golden Mike Awards in categories of feature photography, feature editing, documentary photography and documentary editing and photo essay only to mention a few. PRESIDENT'S CUT

Now that the San Diego Fair is in full swing (at the Del Mar Fairgrounds), It must be summer.

You could never tell from the weather, but who cares, we still have our slice of paradise here, even with the overcast skies. Speaking of the Fair, we made our usual program entries to the Fairs eArts video competition. Guess what, we entered four programs and all four won awards again. The good thing about the Fair wins is that they give cash awards to the winners. We give the winnings to the Producers Group for their Christmas party, so mark your calendar there will be a Christmas party in December. Along with its San Diego Fair award, "It Takes a Village...To Raise a Wall" also won a national award at the Hometown Video Festival. Not bad for our little group.

One other note on the San Diego Fair videos, once again, this is the fourth year, we will be showing all of the winning videos from this years Fair on DMTV66. Donna Cosentino, the Fair coordinator for eArts, gives the tapes to us right after the Fair closes, so we will be showing the winners starting in July.

It's great to have such good support from the City of Del Mar. Once again the have approved funding for DMTF in their 2004/2005 budget. They have also approved funding for new equipment for the studio.

Our own DMTF Productions continues to take on increased activity this year. We continue to strain our budget this year with ever more new programs. We are working on two Powerhouse Park Summer concerts for July and August and we just finished editing a tape of the Coastal Community Orchestra concert. So that's should add some good new musical programming for DMTV.

Our grant programs in on track for this year, there still are plenty of uncommitted funds available, so if you think you have a great idea for a show, submit a grant request. The form is available on the web and at the DMTV studio. We have some pretty experienced producers around that I'm sure would be happy to answer any questions you might have on what it takes to put on a production.

The website has been upgraded. We have redone the Homepage and added an "About Us " page. We have also added forms so people can now order our videos from the website. Don't forget to check out the twelve streaming videos we now have on the website. We have obtained more storage for our streaming videos, so we will be adding more programs soon and we will also be able host Producer Group Videos. Check the website for details (delmartv.com).

The Producer's Showcase rolls on. It continues to provide a place for old (not by age) and new producers to hone their skills and come up with new ideas. Twenty "Showcases" we have been completed, with three more in the works.

Hope you told your, outside of Del Mar, friends to take a look at the expanded distribution of our programs on Time Warner (channel 19, Thursdays @ 7pm) and Adelphia (channel 3, Monday @ 8:30pm).

Be sure and read the article about our second annual "Del Mar Idol" contest, we need your support to make it another smashing success.

That's a Wrap Pete Glaser
