Having a great time at the Producer's Group annual holiday party was Pete Glaser, outgoing President of the Foundation and Community Producer Maria Gardiner. A fun time was in store for Pete who was roasted by the Producers pictured above. Everyone seemed to enjoy the food, drink and the songs played by Don Johnson. Helen Glaser and Priscilla Fawcett serenaded the group and then everyone joined in

for a Conga line. Happy New Year Producers!!

Top honors as this year's Del Mar TV Idol singing contest went to 17 year old Deidre Haren, in second place was Matthew Vettel 15 years old and Magi Macek, 16 took third place honors. The Del Mar TV Idol contest kicked off the annual fund raising for the Del Mar TV Foundation. This is the second year this event has been held and the Foundation is looking for business or individuals to help sponsor the 2005 Event that takes place in October. Please contact Del Mar TV Foundation or visit our website at www.delmartv.com to see the kids in action on streaming video. fundraising@delmartv.com. VHS or DVD's are available from the Junior & Senior Divisions.

DMTV TOP IDOLS

PETE'S FINAL CUT

I started writing this column with the first issue of the Newsletter the Spring of 2000. It has been lots of fun... and work, but I'm glad I did it. It not only gave me the opportunity to inform people about the activities of our Del Mar TV Foundation (DMTF), but it also helped me pull my thoughts together about what was important and what new activities we should be working on. This will be my last President's Cut, as I am stepping down as President of the Del Mar TV Foundation after almost six years. However, I still plan to be active as a TV Foundation Board member. Nicole Holliday is the new president and I predict she will take the TV Foundation to new heights, just as she did as a producer of the "Del Mar TV Idol", "A Children's History of Del Mar" and "It Take A Village".

Now the usual thing for a retiring president to do, is to recount all of his great accomplishments. I don't plan to do that, but I will spend a couple of paragraphs hitting the high points, because this will give me a good lead in to talk about some things I think important to the future of the Del Mar TV Foundation.

In the spring of 1999, the City of Del Mar, had just installed over \$100,000 worth of new equipment, but there were only two local programs being produced, there were no; Grant programs, Productions programs covering local events, Classic movies, Educational programs, Producer's Group, Producer's Showcase, Programs distributed outside of the Del Mar cable area, no Internet presents and just minimal training courses. Written communications like schedules, Newsletters and a database to collect the names of who to distribute all this to, were non-existent. There wasn't anyway for the various volunteer organizations to communicate about their activities. And most of all, there was no activity by the DMTF board to raise funds to support the station. THERE IS NOW

One of the items on our first agenda was Fundraising, not an easy task. Monte Carlo Night was our first Fundraiser. We had three. We have had two annual Fundraising campaigns in connection with our "Del Mar TV Idols" program. All in all, we have raised about \$100,000. \$12,000 of that was used to purchase new equipment for the studio. The establishment of a Grant program was one on the very first things the new DMTF Board did. Over the past five and a half years, \$70,000 has been set aside to provide funding for Grants to individuals and \$25,000 in grant funding has been provided for Education, to the Producer's Group and it's Producer's Showcase. The Del Mar TV Foundation started to produce programs for DMTV66 at the beginning of it's second year. Since then over 70 programs have been produced. The Producer's Group was established during the first year and it's had its ups and downs, but continues to provided a focal point and network for those interested in television production. We reached out to the rest of San Diego and the world by expanding the distribution of our programs to the Internet (over 20 programs are now available on our website) and on other local cable networks. On yes, along the way we won many national, regional and local awards for our productions. There are my two paragraphs (they are a bit wordy)

One of our more important goals has been to "Build Our Community Through Communications". One of the ways we do that is programming for DMTV66. While the Foundation has produced many good programs, its output is limited. I hope in the future we will able to draw programs from the many other Public Access stations that produce fine programs. The Global Village CAT website lists over 600 Public Access sites to draw programming from.

Even though Bob, Luana and Steve have done a wonderful job chairing the Producer's Group, attendance at our monthly Producer's Group meetings has been suffering. These meetings are a great way to keep others interested in DMTV and to build a base of producers to create programming for DMTV. We have to find ways to increase the number of people actively participating in the Producer's Group. More Training classes do help this cause, but I think we need to do more.

Nicole and the crew, Ingrid, Jodi and Eve have brought the "Del Mar TV Idol" to primetime status.

I think we are on the right track to develop this into our prime Fundraising event. Finding sponsors, major and minor makes the most sense as way to raise funds from the event.

Education is an important part of our agenda. I think there are two opportunities we have to continue to make our great facilities a part the educational experience. The new high school in Carmel Valley plans to have video classes, but it will be a while before it has a studio. We could provide the studio much as we did for TPHS. The new Arts Academy at Del Mar Heights is another opportunity we should explore.

I haven't said much about the Website because I think we have one of the best Public Access websites. Phillipe continues to make it shine. Other than continuing to update the streaming videos, I don't see a need for major changes.

To all of you who have participated in the activities of the TV Foundation over the past years, I thank you for helping me do my job. Without you, we would not be where we are today. I want especially thank the City of Del Mar, their financial and operational help was a key to our success. Joe Hoefgen's (assistant city manager) help was especially important.

For Now ... This is really a wrap, Pete

Inside Producers Group

Producer's Group will continue to hold their meetings on the third Wednesday of each month at 6:30pm. Our next meeting is January 19th at the Del Mar TV Station, 240 10th Street, downtown Del Mar.

We produced 9 showcases in 2003 and only 6 in 2004. Remember this is the opportunity to produce your show and have it ready to air in one night. Next showcase **February 10th**. Please email Steve Rose and the committee will okay your show. stever9@adelphia.net.

Opportunity for next award is with the Hometown Video Festival 2005. Deadline for entries is February 16th. You can obtain form at www.alliancecom.org.

Coffee Talk produced by Philippe Lamoise, Michael Mosakowski and Debi Salmon was off to a great start with guests such as former Del Mar Mayor Richard Ernest, Sam Borgese of the Del Mar Village Association and Chuck Freeburn from the Cultural Arts Committee. This year looks to be equally as interesting with lots of great guests.

DMTV ON ADELPHIA & TIME WARNER

Nicole Holliday has been an active board member of the Del Mar TV Foundation since 2002. Shortly after joining the board she became a certified community producer and has co-written and co-produced two wonderful community programs, "It takes a Village to Raise a Wall" in 2003 and "A Children's History of Del Mar" in 2004. For the last two years, Holliday has played a lead role in organizing the "Del Mar TV Idol" children's singing contest, a fundraiser for DMTVF and an opportunity to increase community TV awareness. As the new President, Holliday intends to continue to promote the vision Pete Glaser has set for Del Mar TV Foundation. "Pete set a very high standard and I recognize it won't be easy to fill his shoes," comments Holliday. Pete was the founder and has been the driving force of the Foundation for the last seven years. He has worked tirelessly creating an endowment, a community calendar and website, and has spearheaded some fabulous programming. I am thankful he will continue as a board member and mentor." Nicole will be taking a few month hiatus during her tenure to have a baby. In her absence, VP, Jodi Kennedy will be the acting Presi-
