# Equipment Wishes Do Come True!!

The Del Mar TV Station is eagerly awaiting new equipment thanks to the combined efforts of the City of Del Mar and the Del Mar Television Foundation, along with Supervisor Pam Slater-Price.

A new Autocast Playback System will replace the old tape system. The new system will be hard drive based and will provide the station with a much needed updated version to program the shows for playback at the specified times. This will help eliminate any interruptions that may occur. So thank you to Pam Slater- Price for the matching funds to make this a reality. The system is on order and should be installed by the end of summer.

Another needed piece of equipment is the replacement for the present Character Generator or “CG”. This provides the text you see pop up giving a person’s name or maybe a telephone number and the credits at the end of a program. The new system an “Inscriber CG Supreme” is on order and will hopefully arrive in a few weeks. We thank the City of Del Mar for providing funds for the procurement of this system.

Building community through better communication is what it’s all about.

The producer's group has been very busy this year with all their projects. We have aired several Showcases on food, one on organic food "Food for Thought" produced by Debi Salmon, We have another visually interesting show produced by Ingrid Hoffmeister, "Travel & Photography", featuring local residents and some fantastic photos of Nepal and Europe. Another by Stephanie Sullivan and Luana Karr "The Kitchen Shrink" hosted by Catharine Kaufman who answers some culinary dilemmas for listeners and helps you set up a perfect pantry.

Larry Kaufman is producing a short, short subject, which we call a Del Mar Pulse, "Keep Del Mar Clean" (beach clean up projects) as well new member Lori Marlett. Lori found out - yes, there really are Grunion. It's not just a fish tale. She and Bill Hoffman taped a Pulse on these slippery elusive fish who come ashore in the Spring and Summer months to spawn. We hosted an open house to further introduce the community to Del Mar TV and have conducted a "hands on" workshop to help our community producer hone their skills.

So please join us for our networking meetings on the 3rd Wednesday of each month. We gather at the Del Mar TV Studios at 6:30pm and pitch your idea or come help crew on someone's show!!
