## DMTV IDOL WINNERS—2006

What talented children we have amongst us. The Del Mar TV Annual singing contest was the best yet this year. Very talented children from both the Junior and Senior Divisions. Richard Levak hosted the show, Richard also hosts Hot Topics on Del Mar TV. Everyone was thrilled with the turn out and the charming children. The judges found it very tough to determine the winners and were thrilled with the professionalism all the contestants showed. We had two returning judges: Sarah Sutton, and Bob Siggins. New this year is Jennie Conrad, and said she was “amazed by the talent”. This year’s program was produced by Eve Goldman and underwritten by First Republic Bank and the Del Mar Television Foundation. You can watch the taped show on Del Mar Channel 66 and on Adelphia 3, Time Warner 19 as well as streaming video on the web.

"I have an understanding of how powerful local television can be. Del Mar TV 66 can be a great source of information and ideas for our community. My goal is to help further this valuable asset of our City to become an integral voice in our community".

# Inside Producers Group

The Producer's group has completed 2 new Showcases this year. We just finished taping numbers 30 & 31—Wow!

Maria Gardiner produced the first entitled "My Aching Back" - with physical therapist Reece Jensen., Director of PRN Therapy Center. The show focused on the signs of Osteoporosis and what steps we can do to slow down the process and also some general exercises to help with backaches. The show was well received and the crew did a great job. The latest showcase was produced by Stephanie Sullivan. Watch for this show entitled "Making of the Band". Stephanie interviewed the 7 band members on how it all started and then the "Retro Rockets" played songs from the 60's & 70's. Luana Karr directed and Technical Supervisor Robert Baumgart made sure the crew plugged in all the right switches. Larry Jones made sure the names popped up with the character generator and Bill Hoffman and Steve Rose handled the floor cameras.
