

Del Mar TV

Del Mar TV 3 is a Public Access station and it has just completed a studio upgrade with new Digital Cameras, a new Control Room with both Analog and Digital technology and a new Non-linear Editing System.

The Del Mar Television Foundation (DMTF) has initiated a Grant Program for members to assist those wishing to produce programs at DMTV3.

You can become a certified producer at DMTV3 in video production classes available through the Del Mar TV Foundation.

Are you interested in producing a TV show, working on a production, helping to promote Public Access TV in Del Mar or just supporting DMTV3.

Then become an Associate or Producer Member of the Del Mar TV Foundation.

Video Courses

Those interested in receiving production certification from Del Mar TV may enroll on one of our courses.

Intro to Live Studio Production

The three session course provides hands-on experience on the interrelated duties of the producer, director, technical director, camera, floor manager, audio and graphics.

Basic Post Production

Three sessions cover straight-cut videotape editing and how it relates to shooting in the field for news, documentary and film style productions.

Field Production

Hands-on experience at shooting in the field for news and documentaries and how it relates to basic editing theory.
